NO "BOOZE" THIS YEAR.

National Guard Men Will Also be Restricted in Drinking "Soft" Beverages.

For the purpose of preserving the health of the officers and men during the division encampment of the National Guard at Gettysburg on July 12 to 19, the indiscreet use of distilled or fermented liquors is prohibited. Officers are also directed to discontinue the use of non-alcoholic or "soft" drinks, and the bringing into camp of various articles of food and drink, on account of its tendency to produce digestive disturbances, always the ailments to which encamped troops are most subject.

Colonel Shoemaker directs that tents be thoroughly cleaned every day and that the surgeons should inspect the tents daily, and order the tents of all officers and men to be kept up in the early morning, and the flags turned up for free ventilation. All bed clothing must be exposed to the air and sunlight for several hours.

FROM CASHTOWN.

JUNE 16.—The Franklin township School Board organized on the 21st by electing Simon P. Stover, of McKnightstown, president; John H. Musser, from the Valley, secretary, and Aaron Cuthbert, of Rockport, treasurer.

The other members of the Board are John H. Cline, John Haverstick and John E. Hartman. They held the first session on Wednesday, the 19th, and elected the following teachers: Castleton, C.A. Hartman; Shively, Miss Grace; Dierker, Miss Mary; Carbaugh, Miss Vernon; Miss Alice Miller; Mannaburg, E. W. Hartman; Scott's, Miss Ellen Dierdorf; Poplar Springs, Miss Leachman; Hightstown, Miss Bushey; Hall's, Eugene Straubach; Straubach's, Miss Anna Hartman; Rockport, Miss Mollie McCreary; Newman's, Mr. Mickey; salary from \$25 to \$30; term 7 months.

Elk Geyer had his pension increased from \$10 to \$12.

Geo. Shuyler, a 6-year-old boy of Edward Shuyler, died on Thursday night of last week, and was buried at First church on Saturday. Less than two weeks before the boy died he had complained of his left leg hurting him. In a few days Dr. J. M. Smith, of this place, was called and found that the limb needed lancing, which was done, and later found that one of the bones from the knee to the ankle was loose and removed, which he did, assisted by Drs. Wolf and Thomas, of the same place. The operation was pronounced a success, and the boy never rallied and died the same night from pain. Dr. Merriman deserves credit for his attention and interest in the case.

THE CENTURY.

THE July Century is to be the "Summer Fiction Number" of that magazine, and the chief point of interest is likely to be a posthumous story by Paul Leicester Ford. Its title is "Wanted: A Chaperon," and it relates the adventures of a young woman from the country, visiting in New York, who accidentally is left at the door-step of the wrong house on a stormy winter night. The story is said to possess the attractiveness of Mr. Ford's lightest touch, and the pictures by Mr. Gilbert to show a winning and ingenious heroine. Other contributions of fiction to this number will be "Ginga-Ling," the story of a cat, by David Gray; "The Passing of Cock Eye-Blacklock," a story of the frontier West, by Frank Norris; "A Mountain Matchmaker," a story by Will N. Harben; "A Dilemma" by Dr. S. Weir Mitchell, one of his "Little Stories" with a problem in it; a piece of rollicking humor by Harry Stillwell Edwards, entitled "The Unpleasantness at New Hope," and other stories. The fourth part of Mary Adams' "Confessions of a Wife," in which the interest deepens with the estrangement of husband and wife.

LAKE ROYER LEASED.

A. P. Conner and Charles Gardner, of Buena Vista, have leased Lake Royer and surrounding grounds for a period of three years from the Buena Vista Lake Company. They will arrange special dinners and week day excursions from York, Hanover, Gettysburg, Hagerstown and other points to this resort, which they will endeavor to make the Cooney Island of the mountains.—York Dispatch.

FACE HUMOURS.

One-half of the Republican papers of the State six weeks past have been denouncing the connection with the notorious Stone administration would unfit him as a candidate for the governorship and with him as a nominee the Legislature would be lost to the Republicans. The other half has been denouncing Quay as an ingrate and a corrupt politician, and declaring that he would not dare to denounce him by the conservative methods with which he had won all his hard fought battles. Both sides told the truth, but the cowardly Elkins editors who were a few days ago so bold and loud in denouncing ingratitudes and bribery are now tumbling over one another to get under cover. The only hope is that the truth they told in their own minds may take root in enough honest minds to overturn the whole wretched business this fall at the ballot-box.

VALENTINE'S Ready-Mixed PAINTS.

If you purpose painting in the near future we take the liberty of suggesting the advisability of your using High Grade Paints, made of absolutely pure Linseed Oil carefully selected and the best pigments that the markets of the world afford. Such an article is Valentine's Ready-Mixed Paint.

In addition to being made of the very best material, carefully and uniformly ground, each gallon contains a full gallon of the United States Standard.

It will cost you the same for labor whether you use a good and high-priced paint or a poor and cheap paint, and you cannot get a good article unless you pay a good price for it. If you use a cheap paint your house will disclose the fact in a very few months and will soon require repainting. If you use the best paint you can buy you will secure durability and perfect satisfaction. As labor is the most important item in painting the paint that will wear the longest is certainly the paint that you require, and we need not remind you that the paint that will give perfect satisfaction and the longest possible wear will prove cheapest in the end.

The name of Valentine & Company, which is associated only with the manufacture of High Grade Varnish and Paints, in sufficient guarantee that our Ready-Mixed Paint will fulfill every claim that we make for them. On a new surface primed, or on old one properly treated, one gallon of Valentine's Liquid House Paint will cover 300 square feet of surface two coats. It must be borne in mind, of course, that a very porous or rough surface will require more paint than a hard and smooth surface.

MILLIONS OF PEOPLE USE CUTICURA SOAP, and they are satisfied. It cures the skin, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chafings, and for all the petty troubles of the skin. Millions of Women use CUTICURA SOAP in the form of baths for annoying irritations, inflammations, and excoriations, or too free or offensive perspiration, in the form of washes for ulcerative sores, and for many sanative purposes.

HARRISBURG LETTER.

Another Black Page in the Record of Quaysim—Candidate Penneycker—Stone a Good Machine-Governor—What Will Elkin Do?

The Republicans now have Judge Penneycker as their candidate for Governor, unless his conscience should revolt at the means used to effect his nomination. That he was nominated by the most shameless bribery is not denied. That he was not the real choice of the convention is proved by the fact that Elkin had 103 delegates pledged and instructed for him, or thirteen more than necessary to nominate him. It was also evident from the feeling shown in the convention where Quay and Penneycker were hoisted, lined and jeered until their faces would have burned with shame if both had not long been dead to all sense of shame or honor. It was said by one of the Philadelphia delegates that two-thirds of his delegates would be glad to vote for Elkin, if they were permitted to do as they pleased.

Penneycker is said by his political friends to be an upright judge and a good citizen. If that be true, he will not touch the nomination coming to him as it does. An upright judge has too much respect for the law to lend his aid and sanction to its violation. What will Penneycker do? If we knew only that he is an upright judge, we might be sure he would refuse to touch the nomination; but when we know that he was eager to win a defeat for our own, we will not touch the nomination coming to him as it does. An upright judge has too much respect for the law to lend his aid and sanction to its violation. What will Penneycker do? If we knew only that he is an upright judge, we might be sure he would refuse to touch the nomination; but when we know that he was eager to win a defeat for our own, we will not touch the nomination coming to him as it does.

Stone a Good Machine Governor. People make a mistake in blaming the individual for wrongs in our State government. It is not the individual, but the machine. Governor Stone, who has been disgraced, has made a first-class Governor from the machine point of view. He has carried out the will of Quay and his gang of political pirates to the letter. He even made himself the scape goat for the party last fall by turning out one Brown in Pittsburgh and replacing him with another, thereby saving the party from threatened defeat by making himself odious. He appointed the head of the defeated machine to the United States Senate almost before he had left the court-room where he had pleaded the statute of limitations to save himself from prison and his political machine from annihilation. Governor Stone, despised as he is, may be as indubitably better than the machine which he faithfully served and whose leadership Judge Penneycker aspires to assume.

What Will the Defeated Elkin Do? Since Elkin knows that he was defeated by bribery, will he turn to and help to elect the man who was nominated by the purchased votes? He says he will, and if he does, it will be proof positive that he ought not to have been nominated. No man with a proper ideal as to what the governorship should be will lend his influence toward continuing a fraud upon the public either through his own party or another; and if Penneycker was nominated by votes, purchased for cash and promises of place, he ought to be defeated as a rebuke to such political methods; and the man who suffered most by these methods ought to be the first to declare himself ready to do all in his power to bring about that defeat.

Elkin stood up when his anger overcame his cowardice and declared: "But let me give you this warning: You may pack the convention if you wish, and unseat all my honestly elected delegates, but do not forget that you will have to reckon with an outraged people, and that reckoning will come as sure as there is a God in heaven." Now he has weakened.

The Republican Papers. One-half of the Republican papers of the State six weeks past have been denouncing the connection with the notorious Stone administration would unfit him as a candidate for the governorship and with him as a nominee the Legislature would be lost to the Republicans. The other half has been denouncing Quay as an ingrate and a corrupt politician, and declaring that he would not dare to denounce him by the conservative methods with which he had won all his hard fought battles. Both sides told the truth, but the cowardly Elkins editors who were a few days ago so bold and loud in denouncing ingratitudes and bribery are now tumbling over one another to get under cover. The only hope is that the truth they told in their own minds may take root in enough honest minds to overturn the whole wretched business this fall at the ballot-box.
